### About the Organisers

This initiative is proposed by Amazing Namaste Foundation, a Section 8 Company registered in Guwahati and has many notable achievements to its credit including the only Guinness World Record achieved at border town of Tawang in the state of Arunachal Pradesh.

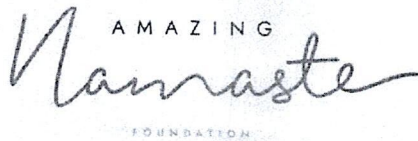

Amazing Namaste Foundation (ANF) is a Section 8 company (Not For Profit) wherein many like-minded individuals from diverse professional backgrounds have come together to create a platform for showcasing mesmerising beauty, rich cultural heritage, sustainable lifestyle and unique biodiversity of the lesser explored region - North East India.

'One Nation One People One Culture' is our credo. Interaction with local communities is the most important aspect of ANF initiatives. **Awareness Integration & Empowerment** are the three tracks used to achieve its objectives.

The beautiful and mystique 8 states of North East India demonstrate the true pluralistic character of our nation. Living in harmony with the nature, more than 166 main tribes living here, are role model not just for their creativity and entrepreneurship but also for their social values and democratic principles. The rich culture, breathtaking natural beauty, ever smiling people and above all its environment is to be experienced as it is beyond description. Sustainable living is the lesser known characteristic of life in the North East.

North East Region is the fastest growing e-commerce market when it comes to year on year growth for last couple of years. Major infrastructure projects to improve connectivity, industrial activity and other sunrise areas of economic engagement such as Tourism, Logistics are now under implementation in the region. Many youngsters from the region are today role models for others across the country be it sports, entrepreneurship, social enterprise, etc.

Amazing Namaste Foundation, through a series of FB Live Sessions (<https://>

m.facebook.com/ AmazingNamaste/) by many North Eastern brothers & sisters including some well known personalities settled across the globe, has showcased the rich flora & fauna, culture and above all the performative character of the NE community. The page has more than 9000 followers from various countries and more than 130 sessions so far have reached about 18 lakh viewers.

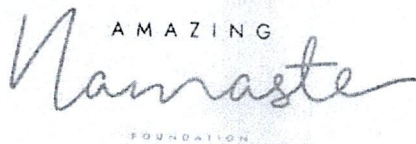

The NEW Expedition Season 1 in 2022 was given the status as Special Project under AKAM and was possibly the biggest ever Bike Expedition held so far in NER with 75 bikers coming from 18 states & UTs travelling through 68 districts in 6 different groups. Various Central & State authorities appreciated the concept and unique way of showcasing the tourism potential of the region. ANF has continued its journey and Season 4 of NEW Bike Expedition and WOW Car Drive was held recently wherein 62 participants from various destinations and 2 overseas participated. We have had Paralympian Khel Ratna Dr. Deepa Malik, Kargil veteran Capt Yashika Tyagi (Retd), Indian Actress Urmila Mahanta & Everest Manita Pradhan as our Brand Ambassadors in the past.

The Government of India's decision to reorient "Look East" policy to make it "Act East" policy is an indication of action driven agenda. Under the leadership of Prime Minister Shri Narendra Modi who has on multiple occasions emphasised the need and importance of inclusive growth towards achieving our national objective of Vikasit Bharat by 2047, more attention being given to actual execution/delivery than just an intent. The people in the region are also experiencing the change in the overall atmosphere. North Eastern states are now talking about projects, industrial activity and other sunrise areas of economic engagement such as Tourism, Logistics, Hospitality, Food Processing, etc. Many youngsters from the region are today role models for others across the country be it sports, music, entrepreneurship, social enterprise, etc.

Today, everybody in the region believes that the future is bright and engaging ushering a new chapter in the long history of significant contributions by the NE in country's growth path. Amazing Namaste Foundation through its 3 pronged approach Awareness-Integration-Empowerment is playing the role of a catalyst and provides platform for all kinds of activities that present the factual and on ground realities. This is helping the policy makers and other stakeholders to engage in a meaningful and constructive handholding.

As the Hon Prime Minister Shri Narendra Modi ji says "the NER is ready to take the quantum jump and make significant contribution towards the shared objective of the nation to become a Global Power." ANF through its multi faceted activities is empowering the rural economy. We believe the performative character of the
